COMMISSION SINGAPORE

ONBOARDING TOOLKIT

for Safe Sport Programme Members

MARCH 2022

WHAT this toolkit is for

This toolkit will guide your organisation in the adoption of essential elements of the Safe Sport Programme.

All the documents referred to in this Toolkit can be found at

<https://www.safesport.sg/onboarding>

WHY onboarding is important

By properly adopting the Safe Sport Programme, your organisation will:

- ensure the Unified Code and rules in the Handbook applies to your participants
- help participants understand their roles and responsibilities under these policies
- be able to leverage the case management service to address safeguarding incidents

CHECK LIST

Read member obligations in Handbook

Complete Risk Assessment Tool (see page 6)

Engage with appropriate persons within your community or organisation for feedback or consensus

Understand services to maximize benefits

Review current policies and check for overlap (e.g. International Federation Guidance, Field of Play rules, Disciplinary processes)

Obtain necessary approvals and clearances (e.g. board and legal)

Meet with Safe Sport Policy Manager and consider need for other specific policies

Communicate new Safe Sport Policy to community

RISK ASSESSMENT TOOL

The risk assessment tool helps NSAs to identify environmental risks and highlight current gaps that need to be addressed through mitigation strategies

SECTION 1

- List down the programmes and services in your NSA
- Identify the personnel involved in these programmes and services

SECTION 2

- Identify the risk factors in your sporting environment
- Identify the current practices and guidelines to mitigate these risk factors

SECTION 3

- Identify the current training, recruitment and reporting policies

Risk factors	Yes/No	What are the safeguards in place?
There are programmes or services which are conducted in a 1-1 setting (e.g., consultations, individual training sessions)		
There are programmes or services which are conducted in an enclosed/indoor area (e.g., meeting rooms, labs, clinics)		
There are programmes or services which are conducted in a private area (e.g., low human traffic)

HOW TO ACTIVATE your Learner Administrator access rights

Step 1: Create a SportSync account with your organisation's CorpPass ID

Step 2: Send details to contact@safesport.sg - Full Name, Designation, Email, Mobile No.

Step 3: Upon approval, Safe Sport will contact you on the steps to activate your access to SportSG-ED

Learner-administrators

Additional benefits of Learner-administrators:

- SportSG-ED as a platform to host and manage your own training materials
- Mobile-friendly learning modules
- Push notifications to learners through emails
- Create Learner Groups - Coach, Athletes, Sport Administrators etc.
- Automatic generation of digital certifications
- Host discussion forums for community interaction

Other Workshops

Safeguarding Officer Training Certification Course

- In addition to e-learning module, 1-day practical component including role plays and a competency assessment
- Conducted by experienced psychologist in providing trauma-informed care

Customised Workshops

- NSAs to co-develop and organise with Safe Sport
- Workshop is dependent on NSA's needs - awareness or intervention approach

CASE MANAGEMENT

In order for the Safe Sport Commission to assist the NSA in case management:

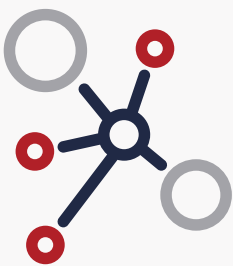

- persons against whom the allegations are made must be covered by the NSA Safe Sport Policy
- the Unified Code and the Handbook should be incorporated through the NSA Safe Sport Policy

This is why is important to get the Adoption Process (Page 5) right.

During the adoption process, the NSA Safeguarding Officer will receive a guide for triaging incidents and classifying severity so he/she may establish the most appropriate party to respond and resolve reports of concern.

In the meantime, these are some things to consider:

- Does your organisation have a process for reporting safeguarding concerns which is signposted clearly?
- Does your organisation have a process for resolving low level concerns?

CENTRAL CASE MANAGEMENT SYSTEM*

- accessible by NSA Safeguarding Officer
- secure recording of case notes and evidence, statements
- automated report generation
- repository for reference of prior disciplinary incidents

**available Q4 2022*

SAFE SPORT SUPPORT NETWORK

partnership with SNOC Athletes' Commission, Women in Sport Committee and Team Nila

- Facilitating access for trained befrienders and counsellors for enhanced psychosocial support
- Available for both Affected Parties and Respondent
